

# ARTHROSAMID<sup>®</sup>

Inviting you to attend the  
Thought Leadership Session on:

Tuesday 21st September, BOA Conference Suite 4

17:45 - 18:00 Arrival with drinks reception

18:00 - 18:30 Presentations

[click here](#)

to register interest

drinks will be available during the presentations

## Agenda

- What are the limitations to treat the fastest growing cause of disabilities worldwide?
- The history of iPAAG – Novel therapy to treat patients with knee OA
- Years of experience in using iPAAG: the benefits I have seen in patients with knee OA

## Invited Faculty

### Professor Henning Bliddal

Rheumatologist  
Parker Institute  
Frederiksberg Hospital  
Denmark

### Ieva Ankorina-Stark

Chief Scientific Officer  
Contura  
UK

### Mr Sean Curry

Consultant Orthopaedic and Trauma Surgeon  
London Orthopaedic Clinic  
King Edward VII Hospital  
London, UK

Come visit us at

BOA Annual Congress 2021 (booth 23)  
if you have any questions.

Further information is available at  
Arthrosamid.com or contact us to use  
Arthrosamid<sup>®</sup> in your osteoarthritis  
knee patients at  
enquiries@arthrosamid.com.

# THE KNEE OA TREATMENT 20 YEARS IN THE MAKING

Introducing

ARTHROSAMID<sup>®</sup>

Intra-articular Polyacrylamide Hydrogel (iPAAG)  
a novel therapeutic concept

Arthrosamid<sup>®</sup> is an intra-articular polyacrylamide hydrogel injection (iPAAG). It is a non-biodegradable single-dose injection that delivers long-acting pain relief, improving the quality of life for patients with knee osteoarthritis.<sup>1,3</sup>

Come and find out more about a new non-degradable  
viscoelastic hydrogel for adults with knee OA.

iPAAG

1. Bliddal H, Overgaard A, Hartkopp A, Beier J, Conaghan PG, et al. (2021) Polyacrylamide Hydrogel Injection for Knee Osteoarthritis: A 6 Months Prospective Study. J Orthop Res Ther 1188-6.  
2. Arthrosamid, Information for Use. Release Date: 10082-002 November 2020.  
3. Bliddal H, Overgaard A, Hartkopp A, Beier J, Conaghan PG, et al. (2021) Polyacrylamide Hydrogel Injection for Knee Osteoarthritis: Results of a 52 Week Prospective Study. Poster presented at OARS Connect 2021.

Arthrosamid<sup>®</sup> is  
safe  
for intended use<sup>2</sup>

More than  
700,000  
hydrogel units have  
been used for various  
indications in the body

Undergone over  
two decades  
of research and  
development<sup>3</sup>
