

Let's Talk Dr

Revolutionary Bespoke Orthopaedic Training for the FRCS

Dr Rishi Dhir

MBChB BSc (hons) FRCS (Tr & Orth) PGCERT

Let's Talk Dr provides **results based training** from an experienced teacher with a proven track record.

Dr Rishi has **extensive experience** in multimedia teaching including online, face to face, videos delivered synchronously and asynchronously as well as examining, lecturing and teaching on courses.

We offer various types of tuition including:

- 1:1 & Group Coaching
- Personalised Courses
- Innovative Teaching Videos
- Webinars & E-learning...

With unrivalled **international success** and **outstanding pass rates of up to 97%!**

Above all the focus is on the individual with tailored support, online worldwide forum access and techniques to get you the result you need.

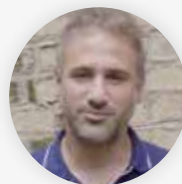

Oliver Adebayo

Orthopaedic Registrar & BOTA President

"The course is amazing... Rishi is a fantastic teacher... he's able to **break things down** in a way that you can understand, but more importantly in a structured fashion that you can use for the exam."

Al Khoriatu

Orthopaedic Fellow

I found Rishi's course **incredibly helpful**... **Clear instructions** on where to answer controversial topics in the exam as well as providing help outside of the setting of the course too...

Let's Talk Dr Courses

✓ The FRCS Blitz Course

The flagship "finishing course" for the part 2 exam. This is a live course, delivered online/hybrid and taught personally by Dr Rishi. Pass rates are unrivalled for any FRCS course worldwide over 95% for trainees and non-trainees taking you for every clinical & VIVA case with universally great feedback and personalised mentorship all the way to the exam.

✓ The International FRCS Blitz Course

A pre-recorded course, covering all VIVA and clinical cases with model answers that you can work through in your own time, telling you exactly how to score highly with fantastic feedback.

✓ The On Demand Video Series

These fantastic bite-sized videos, covering basic science, hands and paed's, trauma and adult pathology not only give you the knowledge but how to articulate every topic in an easily digestible way with fantastic feedback giving you all the buzz words for the exam.

✓ The Syllabus Course

A comprehensive prerecorded lecture-based course covering the KNOWLEDGE component of parts 1 and 2 of the exam, delivered by Dr Rishi and numerous international educators. This one-stop shop also gives you access to seminal papers, original MCQ tests and end of course exam.

✓ The Tips & Tricks Course

Dr Rishi is known as the king of technique and this is an area that a number of candidates struggle with but so vital as part 2 is 80% articulation and application. This prerecorded course will teach you these techniques, break down myths and help you master the exam.

✓ The Mock VIVA & Clinical Course

Delivered live both online and face to face, this offers you a perfect mock to replicate the real exam with fantastic dynamic faculty, 1:1 ratio of student : examiner and unparalleled feedback giving you the best possible preparation for the big day.

✓ Basic Science in Practice Course **NEW!**

This two-day course delivered by Dr Rishi demystifies basic science and teaches it exactly how it is examined linking it to clinical scenarios. so that you can retain this knowledge long term and use it practically. Also includes access to the basic science on demand videos.

✓ The SHO Orthopaedic Blitz Course **NEW!**

This new course runs through everything you need to know as an orthopaedic SHO to give you that headstart – learn about orthopaedic emergencies, basic fracture principles, management of difficult scenarios and portfolio principles.
